UNIQUE. EXPERT. COSMECEUTICALS.

with advanced Microsponge technology

for visible results

UNIQUE. EXPERT. COSMECEUTICALS.

DERMA FAITH® offers high performance cosmeceuticals through the fusion of science and nature. Our product line has been specially selected to optimize results for all aesthetic treatments.

Derma Faith continues to pioneer innovative products using our patented Microsponge Technology. This proprietary system of microparticles entrap the pharmaceutical and cosmetic active ingredients to enhance the performance of topical dermatology products. The enhanced formulation stability ensures long term product efficacy, and is widely regarded as a leading technology for addressing skin conditions such as acne, hyperpigmentation, actinic keratosis, aging and photo damage.

Our high-tech Microsponge formulations improve the delivery of actives through improvements in bioavailability. All products are proven effective and are clinically tested so as to validate everything from efficacy to measuring irritation levels.

BRIGHTENING AND LIGHTENING

Our Brightening range features an innovative blend of proprietary lightening ingredients and pharmaceutical grade botanicals. These unique formulas safely and effectively brighten and lighten the skin, targeting all 5 mechanisms that are proven to cause hyperpigmentation.

SUITABLE FOR

- Severe Hyperpigmentation
- Photo aged/Sun damaged skin
- Melasma/Chloasma & Age spots
- Uneven skin tone

VIVIDLY BRILLIANT

Hyperpigmentation and photo damaged skin.

PRODUCT DESCRIPTION

Accelerates the disappearance of hyperpigmentation, dark spots and other skin discolorations. Its 4% Hydroquinone plus 0.15% Retinol Cream is the source of skin lightening.

KEY BENEFITS

- Patented Microsponge delivery system for effective yet gentle results.
- Enhanced formulation stability ensures long-term product efficacy and aesthetics.
- Sustained release technology reduces potential for irritation and provides continuous skin brightening.

ACTION

Microsponge retinol creams are clinically proven to give a significant and noticeable reduction in the appearance of fine lines, wrinkles, roughness and age spots, shown in over 95% of test subjects. Enriched with antioxidants, improves skin tone, elasticity, reduces the appearance of dark spots and skin discolorations.

DERMA FINE

Hyperpigmentation, sun spots, uneven skin tone discolorations.

PRODUCT DESCRIPTION

This highly effective treatment will accelerate the disappearance of hyperpigmentation such as sun spots, freckles, age spots, and hormonal masquing. Its 2% Hydroquinone is the source of the lightening mechanism.

KEY INGREDIENTS

- **Almond Oil:** An emollient that binds to soften, soothe, and increase skin circulation.
- **Hydroquinone:** A natural skin lightening ingredient.
- **Aloe:** Rejuvenates, rebuilds, hydrates and nourishes the skin. Contains antioxidants, enzymes, Vitamins A and C.

ACTION

On cleansed skin, apply a small amount onto affected area and gently massage in. Once absorbed, proceed with daily or night time moisturizer. For use during the day, apply an SPF 55 over entire face.

HIGH - PR

Hyperpigmentation, uneven skin tone.

PRODUCT DESCRIPTION

Combats hyperpigmentation and uneven skin tone through the synergy of natural skin brighteners & powerful antioxidants.

KEY INGREDIENTS

- **Safflower Oil:** Rich in Vitamin E and Linoleic acid. Improves skin texture.
- **Coconut Oil:** Contains emollient properties that soften and soothe skin.
- **Arbutin:** Brightens skin tone, reduces the appearance of hyperpigmentation.
- **Vitamin A & E:** Antioxidants that stimulate the regeneration of healthy tissue, smooths fine lines and wrinkles.
- **Glutathione:** Antioxidant brightens, whitens, interrupts melanin production.
- **Sodium PCA:** Effective moisturizer for smoother silky textured skin.
- **Garden Cress Sprout:** Inhibits melanin formation, brightens skin, fades discoloration and age spots.

ACTION

Apply a sparing amount onto face and massage gently in upward motions. For maximum results use twice a day.

THERMA TONE

Blemished and acne prone skin.

PRODUCT DESCRIPTION

A powerful and active formulation created to control sebaceous secretions. Cool and refreshing botanicals tone, calm, clarify, and balance inflamed skin, while strong yet gentle extracts form a unique anti-bacterial toner.

KEY INGREDIENTS

- **Aloe Vera:** Rejuvenates, rebuilds, hydrates, nourishes the skin. Contains antioxidants, enzymes, Vitamins A and C.
- **Sulfur:** Naturally occurring in the Earth's crust, effectively combats acne.
- **Sandalwood Extract:** Antiseptic, astringent, anti-inflammatory, skin conditioning agent.
- **Lavender Extract:** Soothing, anti-inflammatory, healing and antiseptic agents.
- **Chamomile Extract:** A soothing, healing, anti-inflammatory extract that helps purify, heal and tone the skin.
- **Allantoin:** Healing, stimulates the growth of healthy tissue.

ACTION

Mist over face and neck after cleansing, or drench two cotton puffs and smooth over face and neck.

SKIN RENEWING

We offer a portfolio of skin renewing formulas that reduce the visible signs of aging and repair photo damage with advanced technology and our highly effective Microsponge delivery system. Our concentrations include an elegant 1% retinol in a cream base, a micro-exfoliating scrub to lift skin impurities, and an age defense serum containing Acetyl Hexapeptide-8 that generates immediate skin firming.

SUITABLE FOR

- Dead skin cell build up
- Photo Aged/Sun damaged skin
- Melasma/Chloasma & Age spots
- Skin with impurities & enlarged pores
- Uneven skin tone

THERMA POLISH PLUS

Suitable for all skin types.

PRODUCT DESCRIPTION

A scrub that lifts skin impurities, refines and helps to improve the appearance of uneven tone and texture.

KEY INGREDIENTS

- **Polyhydroxybutyrate:** Scrubbing agent made from a marine biodegradable and eco-friendly biopolymer produced from renewable resources via the sustainable bio-fermentation of sugars.
- **Coconut Oil:** A moisturizer that has anti-bacterial and anti-fungal properties.
- **Orange Oil:** Anti-inflammatory, anti-bacterial and acts as an emollient.
- **Lemon Oil:** High in vitamins A, B, and C. Contributes to the maintenance of normal blood vessel conditions.
- **Sodium PCA:** Excellent moisturizer for smoother silky textured skin.

ACTION

Apply to face and neck area. Massage gently in upward motions for 2-4 minutes and rinse. Use 2/3 times a week.

AGE RENEWAL

Fine lines, wrinkles, surface roughness and age spots.

PRODUCT DESCRIPTION

This most advanced **1% Retinol** treatment cream minimizes the appearance of fine lines, wrinkles, and age spots using our patented **Microsponge** delivery system.

KEY BENEFITS

- Patented Microsponge delivery system for effective yet gentle results.
- Enhances cellular renewal, restoring skin elasticity and radiance.
- Sustained release feature reduces irritation & provides action to help reverse signs of aging.

CLINICAL STUDY

Clinically proven to give a 38% reduction in the appearance of fine lines, wrinkles, roughness and age spots in over 95% of test subjects (0.15% formula).

Protocol: Each night for four months, the product was applied to the face after washing with a bar soap.

SKIN REPAIRING

Our Skin Repairing range uses high potency formulas and active ingredients that nourish in a way that helps transform and regenerate the skin so it appears noticeably more rejuvenated. Regular use can lead to a renewed feeling of firmness, smoother texture, and brighter skin.

SUITABLE FOR

- Lightening age spots
- Long term hydration
- Restoring skin moisture
- Skin with loss of elasticity
- Uneven skin tone discolorations

ROBUST-MX

Suitable for all skin types.

PRODUCT DESCRIPTION

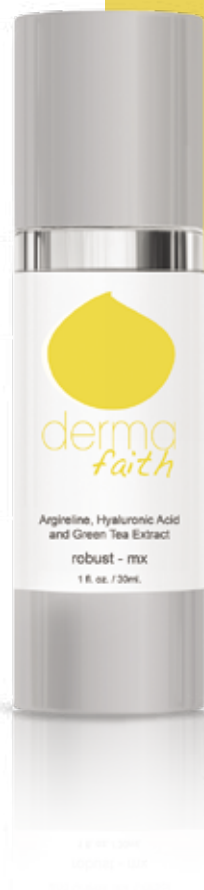

Age defense formula developed to gradually improve the skin's appearance. Contains 10% of Acetyl Hexapeptide-8 (Argireline). This provides superior anti-aging benefits for the skin, generating immediate, progressive firming.

KEY INGREDIENTS

- **Acetyl Hexapeptide-8:** Anti-wrinkle peptide complex combats the look of expression lines by attenuating muscle contraction in the pre-synaptic pathway.
- **Hydrolyzed Rice Protein:** Excellent skin conditioner, rich in beneficial amino acids.
- **Hyaluronic Acid:** A regenerating, nourishing natural component of the skin.
- **Aloe Vera Gel:** Rejuvenates, rebuilds, hydrates and nourishes the skin with antioxidants, enzymes, Vitamins A and C.
- **Green Tea Leaf Extra:** Regenerative anti-oxidant protects the skin from free radicals, helps regeneration of healthy skin.
- **Vitamin E:** Stimulates the regeneration of healthy tissue, smooths fine lines and wrinkles.

ACTION

Apply to face and neck after cleansing, before using a moisturizer. Use daily for optimum results.

FOCUS

Suitable for all skin types.

PRODUCT DESCRIPTION

A rich and concentrated cream formula that helps to reinforce the skin's lost elasticity and firmness. Hydrating botanicals aid in counteracting slackening skin.

KEY INGREDIENTS

- **Aloe Vera:** Rejuvenates, rebuilds, hydrates and nourishes the skin. Contains antioxidants, enzymes, Vitamins A and C.
- **Elastin:** An abundant protein naturally occurring in the skin that is responsible for suppleness and tone.
- **Collagen:** Protein complex, the main structural ingredient in the connective tissue of the skin.
- **Safflower Oil:** This emollient improves circulation and softens skin.
- **Lactic Acid:** Derived from milk, exfoliates, renews, moisturizes the skin.
- **Centella Asiatica Extract:** Boosts circulation, improves skin collagen.

ACTION

Apply to the neck and décolleté area, massage gently in upward strokes.

FEGI THERM SHINE

Normal, dehydrated and mature skin.

PRODUCT DESCRIPTION

Containing ascorbic acid as an encapsulated and anhydrous product that is not in contact with water. Activated once put in contact with anything that contains water to make an exceptional Vitamin C product.

KEY INGREDIENTS

- **Ascorbic Acid:** Natural form of Vitamin C, a super antioxidant, stimulates the regeneration of collagen, protects against free radicals.
- **Lecithin:** A natural component of skin that acts as an emollient.
- **Glycolipids:** Contributes to the maintenance and structure of the skin.
- **FGF:** Fibroblast Growth Factor stimulates division and activation of fibroblasts.
- **Acai Oil:** Superior antioxidant protection with excellent regenerative properties.
- **Rosehip Oil:** Rich in Vitamins A, B, B2, C, E, K and P as well as omega-3 fatty acids.

ACTION

Apply onto the skin and massage gently with upward motions. Follow with appropriate moisturizer.

FEGI THERM 20

Professional anti-aging serum.

PRODUCT DESCRIPTION

A potent antioxidant and anti-aging serum that contains **20% L-ascorbic acid** enhanced with **Vitamin E**, **Hyaluronic** and **Phytic Acid**.

KEY INGREDIENTS

- **L-Ascorbic Acid:** Potent antioxidant and skin-soothing agent that can improve the appearance of signs of aging.
- **Phytic Acid:** Naturally occurring Alpha-Hydroxy Acid extends from skin moisturizing to wrinkle reduction.
- **Sodium Lactate:** Hydrates skin and has been reported to increase the moisture content of skin by up to 84%.
- **Caviar Extract:** Has antioxidant properties that protects skin against dangerous UVA/UVB rays. Prevents collagen and elastin breakdown.
- **Citric Acid:** Resurfaces the complexion to eliminate fine lines, wrinkles, scars, and skin discoloration.

ACTION

After cleansing, apply the serum to entire face, neck and chest once daily or at night. Follow with moisturizer.

EYE FIX

Hyperpigmentation, sun spots, hormonal masqueing and uneven skin tone.

PRODUCT DESCRIPTION

Complexes of anti-aging phyto-extracts combined with highly protective multi-vitamins help to boost collagen production and restore youthful firmness and vitality to the delicate and vulnerable eye area.

KEY INGREDIENTS

- **Shiitake Mushroom:** Helps to encourage collagen synthesis. Firms, hydrates, and softens fine lines.
- **Mannentake Mushroom:** Stimulates collagen synthesis, contributes in firming, hydrating, and softening fine lines.
- **Algae Extracts:** Protein enriched seaweed moisturizes, soothes and remineralizes the skin.
- **Vitamin B5:** High performance antioxidant helps to regenerate and heal.
- **Gotu Kola Extract:** Prevents wrinkles while firming the skin. Stimulates the formulation of collagen cells.

ACTION

Apply a small amount around the orbital bone with the small of a fingertip. Apply twice daily.

PERFECTION-H

Skin affected with inflammation or irritation.

PRODUCT DESCRIPTION

Gentle lotion helps to reduce inflammation and irritation for a variety of different skin conditions. Recommended for use post facial procedures that produce mild discomfort.

KEY INGREDIENTS

- **Safflower Oil:** Rich in Vitamin E and Linoleic acid, improves skin texture and appearance.
- **Hyaluronic Acid:** A regenerating, nourishing natural component of the skin.
- **Squalene:** Moisturizes, protects, smooths dry flaky skin.
- **Olive Oil:** Contains antioxidants, helps protect the skin from premature aging. Restores skin smoothness, protects against ultraviolet light.
- **Arnica Extract:** Healing extract provides anti-inflammatory effects, promotes circulation.
- **Rosehip Oil:** Rich in Omega fatty acids and Vitamins A, B, B2, C, E, K, P.

ACTION

Apply onto affected area for the temporary relief of inflammation, itching or irritation associated with post procedures.

WRINKLE FIX

Normal, dehydrated mature, combination, and mildly oily skin.

PRODUCT DESCRIPTION

High performance nourishing cream, rich in botanicals, helps to repair skin's lost elasticity and diminish fine lines. Rejuvenating extracts help to restore skin's softness and promote healthy cellular renewal.

KEY INGREDIENTS

- **Aloe Vera:** Rejuvenates, rebuilds, hydrates and nourishes the skin. Contains antioxidants, enzymes, Vitamins A and C.
- **Grape Seed Oil:** Antioxidant possessing regenerative and restructuring qualities allow for strong control of skin's moisturization.
- **Hyaluronic Acid:** A regenerating and nourishing natural component of the skin.
- **Citric Acid:** Resurface the complexion to eliminate fine lines, wrinkles, scars and skin discoloration.
- **Vitamin A:** Soothing, healing and anti-inflammatory extract that helps purify, heal and tone the skin.
- **Sodium PCA:** A humectant which helps skin retain moisture.

BENEFITS

Unclogs and reduces pores, pre and post aesthetic procedure, improve the signs of aging, anti-inflammatory, rejuvenation.

SMOOTHIE

Cleanser for dry, mature, normal and sensitive skin.

PRODUCT DESCRIPTION

A nutritious, vitamin rich, deep cleansing crème designed to rescue skin from dehydration. Its velvet smooth texture gently removes make-up, impurities and aids in maintaining a healthy and clear complexion.

KEY INGREDIENTS

- **Aloe Vera:** Rejuvenates, rebuilds, hydrates and nourishes the skin. Contains antioxidants, enzymes, Vitamins A and C.
- **Safflower Oil:** Improves circulation, softens skin.
- **Sodium PCA:** Potent humectant that has excellent water holding properties.
- **Green Coffee Extract:** Powerful antioxidant. Protects against free radicals.
- **Horse Chestnut Extract:** Anti-inflammatory properties diminish the look of puffiness.
- **Gotu Kola Extract:** Encourages cellular regeneration, improves circulation, supports and aids in reinforcing fragile capillaries.

ACTION

Apply to face and neck, massage in circular motions, and remove with damp natural facial sponges or with a wash cloth.

ACNE TREATMENT

Our powerful yet gently balanced formulations help combat problem acne and prevent future breakouts, leaving skin cleaner, clearer and blemish free. Our products are clinically proven to eliminate acne by treating existing blemishes and preventing future breakouts. When used as a daily treatment, our formulations work synergistically beneath the skin's surface to clear imperfections and produce a clearer looking complexion.

SUITABLE FOR

- Acne prone skin
- Skin with excess oil
- Skin with inflammations
- Imbalanced and irritated skin
- Uneven skin tone discolorations

ACTI CLEANSER

Normal, combination, oily and acne skin types.

PRODUCT DESCRIPTION

A powerful yet gently balanced formulation that helps to reduce excess oils from the skin's surface. Herbal extracts purify, soothe, and calm blemished and irritated skin.

KEY INGREDIENTS

- **Aloe:** Rejuvenates, rebuilds, hydrates and nourishes the skin. Contains antioxidants, enzymes, Vitamins A and C.
- **Sulfur:** Naturally occurring in the Earth's crust, effectively combats acne.
- **Allantoin:** Healing, stimulates the growth of healthy tissue.
- **Arnica Extract:** A natural healing extract that provides anti-inflammatory effects and promotes circulation.
- **Chamomile Flower Extract:** Soothing, healing and anti-inflammatory extract. Helps purify, heal and tone the skin.

ACTION

Apply onto wet skin and lather for 35 to 45 seconds. Rinse off with warm water and pat dry. Avoid eye area.

ACNE-PRONE SKIN PADS

Combination, oily and acne skin.

PRODUCT DESCRIPTION

Contains **2% Salicylic Acid**, **5% Glycolic Acid** and **5% Lactic Acid** in pre-absorbed pads to synergistically deliver a gentle, microchemical peel to exfoliate and correct problem acne.

BENEFITS

- Promotes exfoliation of dead surface cells resulting in enhanced cellular renewal with Alpha and Beta Hydroxy Acid complexes.
- Penetrates deep into pores to regulate sebum production and inhibit acne bacterial growth.
- Soothes acne-prone, inflamed skin, reduces irritation with a botanically infused formula.

KEY INGREDIENTS

Salicylic Acid 2%, Glycolic Acid 5%, Lactic Acid 5%, Grapefruit Peel Extract, Cucumber Fruit Extract, Chamomile Flower Extract, Aloe Extract, Beta-Glucan, Allantoin, Dipotassium Glycyrrhizate

THERMA PEEL

25% TCA for professional use only.

PRODUCT DESCRIPTION

The TCA 25% peel reveals fresh, glowing skin with moderate downtime and peeling. TCA 25% can effectively treat: mild to acute acne due in part to its powerful anti-bacterial properties, fine lines and wrinkles as well as an uneven and blotchy complexion. TCA Peels exfoliate the skin more rapidly upon initial contact. The long-lasting results make it an ideal peel for those who prefer less peeling sessions at the cost of moderate downtime.

Therma Peel contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing. Limit sun exposure while using this product.

Best suited for experienced users.

ACTION

After cleansing, moisten half of a gauze or cotton pad with solution, do not saturate. Apply and let dry. Layer as needed. Sunscreen should be used after the peel to prevent hyperpigmentation.

SUN PROTECTION

Our sun protection range has been designed to shield the skin from harmful UV rays, prevent premature aging and formation of wrinkles and fine lines. Our lightweight products contain innovative blends of actives that promote a smoother, clear complexion while protecting the skin from sun damage.

SUITABLE FOR

- All skin types
- Sun damaged skin

SHELTERED SPF 55

For all skin types.

PRODUCT DESCRIPTION

SPF 55 sunscreen delivers anti-aging benefits and high UVA/UVB and UVC protection in a cosmetically elegant formulation. Patented Polargel UV Technology® maximizes the sunscreen efficacy increasing the overall UV protection.

BENEFITS

- Polargel UV SPF boosting technology enables improved sunscreen performance.
- High SPF is achieved with lower sunscreen levels resulting in a less greasy, drier feeling and milder product.
- Broad spectrum, UVA/UVB Protection.
- Non-irritating, hypoallergenic and gentle enough for use on the face.
- Oil-free, PABA-free and alcohol-free.
- Quick drying, non-greasy, non whitening.
- Photo stable formulation.
- Highly water-resistant.

INGREDIENTS

Homosalate, Oxybenzone, Avobenzone, Octocrylene, D.I. Water, Polargel NF, Kaolin, TiO₂, Picea Abies, Wood Extract, Pemulen TR-2, Butylene Glycol, Aloe Vera Gel D, Euxyl PE 9010, Sodium Ascorbyl, Phosphate, 50% NaOH, Sokalan PA 30CL, Spheron L-1600 Silica, Disodium EDTA, Chlorphenesin, Polyethylene Glycol 400 NF, Tocopheryl acetate, Retinyl Palmitate, Tego Care PS, AC Polyethylene 1702, Dimethicone 10 cst.

OPTIMAL DEFENSE-45

For all skin types.

PRODUCT DESCRIPTION

Provides the highest possible level of protection while restoring youthfulness to the skin. Derived from Knotweed extract, our botanically-based cream is the first of its kind, preventing damage from infrared radiation, which is believed to be just as detrimental to skin health as UVA & UVB. This fast-absorbing SPF also features a high level of Niacinamide to promote a smoother, and clearer complexion.

KEY INGREDIENTS

- Highest possible level of protection.
- Fast-absorbing SPF also features a high level of Niacinamide.
- Reduces redness and blotchiness.
- Increases firmness and elasticity.
- Lightweight, leaves no residue.
- An innovative new way to protect the skin against UV and IR.

INGREDIENTS

Zinc Oxide 12.00%, Octinoxate 7.50% Water, Cyclopentasiloxane, Niacinamide, Oleth-3 Phosphate, Octyldodecyl Neopentanoate, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Polyisobutene, PEG-7 Trimethylolpropane Coconut Ether, Glycerin, Tocopheryl Acetate, Polygonum Aviculare Extract, Sodium Hyaluronate, Disodium EDTA, Sodium Hydroxide, Citric Acid, Phenoxyethanol, Ethylhexylglycerin, Polyglyceryl-3 Polydimethylsiloxyethyl Dimethicone, Triethoxysilyl ethyl Polydimethylsiloxyethyl Hexyl Dimethicone, Triethoxycaprylsilane.

PROTOCOLS

Derma Faith skin protocols have been developed with exceptional research to provide the highest and most effective results. These tailored routines couple products together from the range to create the most suitable solution for each skin type. Skin treatment regimes should be followed for a prolonged period of time in order to achieve maximum results.

DERMA FAITH PROTOCOLS

- Rebalancing skin treatment
- Mild acne
- Moderate to severe acne
- Long term balancing skin treatment
- Therma Peel protocol

REBALANCING SKIN TREATMENT

Designed to purify problematic skin, combination to oily, by refining, re-texturizing the skin and also by balancing sebum production. It also addresses skin hyperpigmentation if present, as well as reducing and preventing the signs of aging.

| AM Control | PM Control |
|--|---|
| Apply a moderate amount of Acti Cleanser on wet skin. Massage cleanser into skin with circular motions including neck and décolleté areas. Rinse with warm water. | Apply a moderate amount of Acti Cleanser on wet skin. Massage cleanser into skin with circular motions including neck and décolleté areas. Rinse with warm water. |
| This step is performed twice weekly only. Apply a moderate amount of Therma Polish Plus onto skin. With moist fingers, use gentle circular motions and massage polish for 2-3 minutes. Rinse and dry. | If the skin shows sign of hyperpigmentation, apply Vividly Brilliant to the affected areas, twice daily, morning and before bed time, or as directed by your physician. (SPF 55 or SPF45 must be applied daily during use of this product). |
| Apply the Therma Tone with a lint free cotton pad, to problematic areas, such as nose, chin and forehead. (T-Zone). Be cautious of eye and lip areas. | Apply a moderate amount of Focus to the neck and décolleté area and massage with upward motions to increase firmness. Avoid the eye area. |
| If skin shows sign of hyperpigmentation apply Vividly Brilliant to the affected areas, twice daily, morning and evening or as directed by your physician. Sun protection must be applied daily during use of this product. | Finish PM routine by applying a small amount of Wrinkle Fix to maintain a healthy and well hydrated skin barrier. |
| Apply a small amount of Eye Fix following the contour of the eye. | A small amount of Fegi Therm Shine throughout the face. Avoid direct contact with the eye. |
| Apply a moderate amount of Focus to the neck and décolleté area and massage with upward motions to increase firmness. | Apply a moderate amount of Focus to the neck and décolleté area and massage with upward motions to increase firmness. |

REJUVENATING ANTI-AGING TREATMENT

Designed to combat the signs of aging, prevent further damage, diminish fine wrinkles, hyperpigmentation and sun damage. This regime also restores the skin barrier function, effective and powerful antioxidants work together with fine botanical ingredients help to reveal a healthy, hydrated and toned complexion.

| AM Control | PM Control |
|---|--|
| Apply a moderate amount of Acti Cleanser on wet skin. Massage cleanser into skin with circular motions including neck and décolleté areas. Rinse with warm water. Apply Robust – MX to face and neck before moisturizer. | Apply a moderate amount of Acti Cleanser on wet skin. Massage cleanser into skin with circular motions including neck and décolleté areas. Rinse with warm water. Apply Robust – MX to face and neck before moisturizer. |
| This step can be performed on a daily basis. Apply a small amount of Therma Polish Plus onto skin. With moist fingers, use gentle circular motions and massage polish for 2-3 minutes. Rinse and dry. | Apply a Generous Amount of Eye Fix following the contour of the eye. |
| If the skin shows sign of hyperpigmentation, apply High PR to the affected areas, (Optimal Defense SPF45 must be applied daily during use of this product). | Apply a small amount of Vividly Brilliant on toned skin, neck and décolleté area. Massage gently throughout. (Optimal Defense SPF45 must be applied daily during use of this product). |
| With a lint free cotton pad apply Therma Tone all over the face to increase cellular turnover. Stay away from eye and lip areas. This step can be done three times a week. | Apply a moderate amount of Focus to the neck and décolleté area and massage with upward motions to increase firmness. | A small amount of Fegi Therm Shine throughout the face, Avoid direct contact with the eye. |

THERMA PEEL PROTOCOL

Skin Preparation

Skin preparation is a vital step in order to maximize the efficacy of TCA peels. The amount of preparation is dependent on skin type and condition. Preparation can impact penetration of the peeling agent and the overall efficacy of the peel.

Preparation can also decrease the potential to develop post peel complications. Typical preparation products that are used 4 to 8 weeks prior to TCA peeling include:

- Retinoids (Retinol) best product to use is Age Renewal. Discontinue use of retinoid therapy 3 days prior to performing TCA peel.
- Bleaching agents such as Hydroquinone, Glutathione, Arbutin etc. (Vividly Brilliant & High-PR).
- AHA's such as Glycolic, Lactic Acid, and Citric acids (Wrinkle Fix).

Typical Application Of TCA Solutions

- The skin is degreased thoroughly with alcohol.
- The TCA solution is applied with 2x2 gauze pads, cotton balls, or Q-tips. (2x2 gauze pads are preferred).
- Apply solution in a pre-determined sequential manner starting at the forehead, moving around to the temples, cheeks, chin, and nose. Stinging sensation is normal.
- Superficial peeling usually requires several coats. Professional should observe level of frosting but also the duration of this reaction before proceeding. Wait 3 minutes between layers.
- Once desired frosting is achieved, cool water compresses may be used to relieve the client. Unlike glycolic peels, water does not neutralize TCA, it only helps comfort the patient.
- After stinging subsides, apply thin layer of petrolatum ointment.

THERMA PEEL PROTOCOL

Post Peel Care

- Mild to moderate erythema and peeling is usually resolved within 4 – 7 days.
- Skin may feel tight for the first few days.
- Some areas of the skin may darken during until the skin completely peels.
- Use mild cleanser and light layer of petrolatum ointment 2 x daily. Do not use harsh or active products.
- After 7 days client can use non-occlusive emollient moisturizers.
- Do not pick, pull or tear skin during the peeling process.
- Vinegar soaks can be used several times a day, 1 tablespoon white vinegar to 1 pint warm water.
- Continue the pre-peel skincare conditioning regimen such as Wrinkle Fix once after peeling has subsided, this will help maintain peel results longer.
- Wear broad spectrum sunscreen.
- Schedule a follow up visit with client.

IN-CLINIC SUPPORT

We support and accompany our partners and stockists through each process. We achieve this by providing high quality in-clinic promotional, informational brand materials. Along with this, we also offer online and offline marketing tools to give our brand maximum visibility within the market.

In-Clinic Materials

- Branded posters
- Product showcards
- Product brochures and leaflets
- Professional samples

Training Materials

- Training brochures
- Website materials
- On-site training

Brand Visibility and Awareness

- Website materials
- Digital banners
- Social media assets
- Email marketing
- Support for in-clinic events
